Introduction to massage is a great way for you to come and check us out! It is a full one day program that allows you to experience what massage is all about in its various forms, you will learn components of Swedish, Sports and Trigger Point Therapy as well as experience how we teach them.

These techniques will allow you to give a good, basic, hands on massage.

We can't teach you how to be a professional massage therapist in one day, but this program is a helpful start and great if you would like to know what it takes to become one. You will have a firsthand experience of what it is like to study with us.

Please contact Joanna on 07 3252 5200 to book your place in one of these short courses. Places are limited!
